

Thomas Hach, MD.

Director Healthcare Systems

Thomas Hach, MD, is the Director Healthcare Systems for Novartis and a member of Novartis' Corporate Strategy Group. He is currently leading outcomes-based projects across the Novartis Group to provide frameworks and guidance for contracting, data collection and corporate strategy.

Prior to joining Novartis in 2015, Thomas gained experience from working at Boehringer Ingelheim, where he was Global Senior Medical Director, Therapeutic Area Metabolism. Before this, he was an associate principal at McKinsey & Company, serving as a leader in the pharmaceuticals and healthcare practice.

Dr. Hach conducted several years of research and clinical practice in diabetes/microcirculation at Karolinska Institutet, Sweden. At the beginning of his clinical career he worked in orthopedic surgery in Sweden and Germany. He received his medical degree from University of Mainz, Germany.
